RESUBMISSION OF RESPONSE

Sir:

This is being submitted as a follow-up to the January 13, 2005 telephone discussion between the Examiner and Applicants' agent. In view of the PTO's mishandling of Applicants' previous response, prompt attention to and processing of this communication are particularly and respectfully requested.

On June 3, 2004, a telephone interview among the Examiner, her Supervisor and Applicants' agent was conducted. In the wake of the interview, Applicants promptly submitted, on June 8,

2004, a formal response to the outstanding Final Office Action while the matters discussed during the interview were fresh in the minds of the participants. In a follow-up July 8, 2004 discussion, the Examiner indicated to Applicants' agent that she would not be able to act on Applicants' response prior to expiration of the six-month final rejection period. Accordingly, Applicants filed a Notice of Appeal on July 12, 2004 to keep the application alive.

It came to the attention of Applicants' agent earlier this week, however, that although Applicants' June 8, 2004 Response was received by the PTO, the application file with said Response was never forwarded to the Examiner for consideration. This was determined from a check of the file history for this application found on the PAIR system. Therein can be found the entry "Workflow incoming amendment IFW" dated June 8, 2004 but no subsequent entry of "Date Forwarded to Examiner." A copy of the relevant portion of this file history is provided herewith.

In the January 13, 2005 telephone discussion, the Examiner confirmed that she had been unaware of Applicants' timely response. Accordingly, at the Examiner's request, Applicants are hereby resubmitting their June 8, 2004 Response. Included with the resubmitted Response is a copy of the Auto-Reply

Facsimile Transmission indicating receipt by the PTO on June 8, 2004 of the entire 12-page Response.

Said Response is fully reflective of what was discussed during the interview and responsive to what the Examiners requested be set forth in the response. During the interview, the Examiners indicated that the arguments presented by Applicants' agent were persuasive, that no further claim amendments needed to be submitted and that a setting forth in writing of what was discussed during the interview would be acted upon favorably.

However, due to PTO mishandling of the June Response, not only have more than seven months elapsed without the Examiner seeing it but there now remains less than a month in the appeal period for the Examiner to act on said response. Accordingly, in fairness, the present submission should be processed immediately and remanded to the Examiner without delay so that the application can be reconsidered and allowed before Applicants are obliged to spend additional time and financial resources to keep the application alive. Such prompt attention is respectfully requested.

No fee should be due in connection with this communication.
However, should it be determined that a fee is required for any
reason, the Commissioner is hereby authorized to charge it to
Deposit Account No. 23-1703.

Dated: January 13, 2005

Respectfully submitted,

Richard J. Sterner
